SUMMARY

Driven and adaptable BS Information Systems student with a versatile skill set, seeking an internship to gain practical experience, contribute to meaningful projects, and develop professionally through dedication and a proactive approach.

PROJECTS

Cozone: A Web-Based Reservation System to Enhance Coworking Space Access <ul style="list-style-type: none">Collaborated with a team of five to design and develop a web-based system for coworking spaces, streamlining the booking process and enhancing overall management for users and providers, utilizing HTML, PHP, Laravel framework, and Java technologies.	Oct 2024 - Present https://cozone.site/
EDU: BRIGHT <ul style="list-style-type: none">Developed a school management system that enables students to view their information, such as grades and sections, while allowing administrators and teachers to input student grades and promote them to the next academic level.	Jun 2024 https://github.com/acpr-2023/school
Cleaning Fairies <ul style="list-style-type: none">Developed a web application that enables users to effortlessly 'add to cart' housekeeping services, streamlining the booking process for professional cleaners with a seamless and intuitive interface, utilizing PHP, HTML, and JavaScript.	Jan 2024 https://github.com/acpr-2023/finalproject_bsis
STBverse: K-Pop Website <ul style="list-style-type: none">Built a front-end K-pop fan website delivering the latest updates on three of the hottest K-pop groups, designed for dedicated enthusiasts with a sleek and engaging user interface.	Oct 2023 - Jan 2024 https://stbverse.netlify.app/
Mobile Application Prototype <ul style="list-style-type: none">Designed a mobile application prototype focused on self-discovery, helping individuals explore their personality, strengths, and growth potential.	Jul 2023 https://github.com/eloissa20/ADOBE-FILE
Confianza & Vogue Website <ul style="list-style-type: none">Designed and implemented visually appealing and responsive web pages, ensuring an engaging user interface for fashion enthusiasts.	Jun 2023 - Jul 2023 https://github.com/eloissa20/GROUP-3_WEBSITE
